
PRESIDENT'S LETTER FOR 2020 ANNUAL REPORT

Thank you! As the Port Edwards Education Foundation moves into its 25th year of awarding enrichment grants to the students of Port Edwards, I say thank you!

The uncertainty with which this year unfolded was felt strongly in Port and the surrounding communities. The need to cancel our annual golf outing further threw into question our ability to raise funds. YOUR generosity during our fall fund drive calmed these concerns as it made up for the loss of golf outing revenue. Since \$27,615 was raised, we were able to award eleven grants, representing over \$24,000, to the hard-working students and staff of the Port Edwards School District. Our Foundation sincerely thanks you for your continued support during these trying times; the care and concern you've shown to the students of Port Edwards will be felt long into the future. It comes as no surprise that the best schools are often born of the finest communities. Thanks to you, Port Edwards has both.

Please plan to join us for our 13th annual Blackhawk Golf Scramble on June 21, 2021, at Lake Arrowhead's beautiful Pines Course. On behalf of the students, faculty and this Board, thank you.

Corey Searles
Port Edwards Education Foundation President
